

South Avenue West

South Avenue West

WHAT TO KNOW FOR YOUR VISIT:

The tropical Butterfly House is kept around 80°F — perfect for butterflies (and a light layer for you!).

To keep the butterflies safe, large bags and coats are not permitted inside the Butterfly House. Please use the free lockers at the entrance to store your items.

USDA regulations do not allow strollers in the Butterfly House. Please park them near the admissions desk.

Photos are encouraged! Please leave monopods and tripods at home.

Please don't touch or handle butterflies — let them come to you!

Restrooms and water station are located down the hall, around the corner, to the right. See above map.

Keep the BUGGY FUN going all year!

VISITOR'S GUIDE

WELCOME

THERE'S ALWAYS MORE TO EXPLORE

Discover a world of CURIOSITY, COLOR & CONNECTION INSIDE!

Welcome to the world of the small, the bizarre, the incredible, THE WORLD OF ARTHROPODS – YOUR WORLD!

INSECTARIUM

- 1 Meet Your Neighbors**
We interact with arthropods every day!
Do you see any familiar faces?
- 2 Everybody Molts**
All of the animals in the insectarium, except for the people, molt!
- 3 Essential Workers**
Arthropods can live without us, but we can't live without them.
- 4 Small but Mighty**
There are a billion billion insects estimated to be alive at any time on Earth!
- 5 Bugs Under the Big Sky**
You don't have to travel to the tropics to enjoy amazing arthropods.
- 6 Strength in Numbers**
Do you ever wish there was more than one of you so you could get more done? Eusocial insects work together to accomplish tasks that most individual insects must do by themselves.
Leaf Cutter Ants | Bumble Bees | Honey Bees

- 7 Amazing Adaptations**
Arthropods have the same needs as us, but they meet those needs in very different ways.
Survival Skills | Finding a Mate
Bug Talk | Family Values
- 8 Zooming in on Arthropods**
Take a close look at arthropods and learn about their lives.
- 9 Species Spotlight**
You never know who you might meet!
- 10 Children's Corner**
- 11 Animal Encounter Area**
Get up-close and personal with some new friends.
- 12 Lab**
Peek into our laboratory window to see our animal keepers at work.

BUTTERFLY HOUSE

- 13 Cocoon/Chrysalis Chamber**
We receive about 250 cocoons and chrysalises each week to supply butterflies and moths in the greenhouse. Witness the miracle of metamorphosis as new butterflies and moths emerge each day.
- 14 Who's Flying Today?**
Check here to help you identify which butterflies and moths are flying on the day of your visit.
- 15 Epiphyte Display**
Discover plants that live in the forest canopy whose roots never touch the earth.
- 16 Living Wall and Water Feature**
Our guests aren't the only ones who love this part of the Butterfly House, the butterflies do too!
How many butterflies can you see among the plants on the living wall?
- 17 Seasonal Display**

More unforgettable experiences:

Butterfly Releases

See new butterflies take their first flight.
Tuesday–Saturday, 11:00 AM
Sundays, 12:30 PM

Predator Feedings

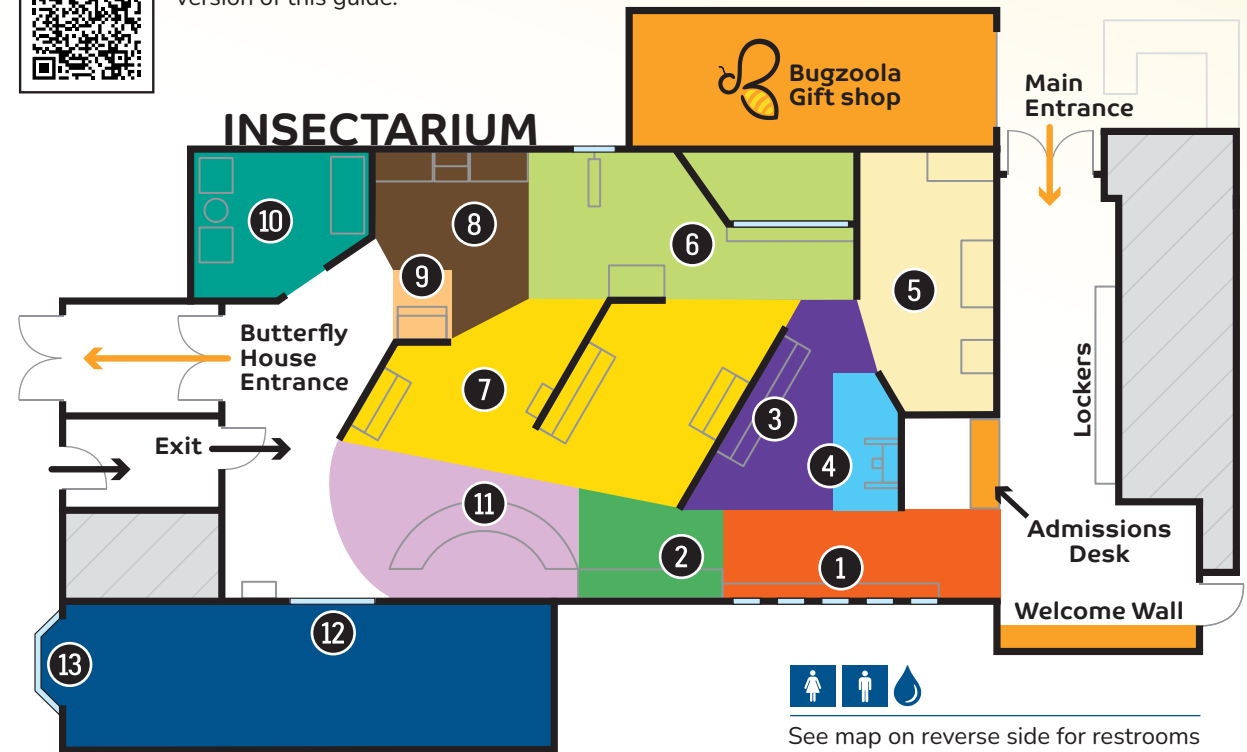

Watch (if you dare!) how insects hunt and eat in real time.
Tuesday–Saturday, 3:30 PM

Birthday Party Rentals

Email info@missoulabutterflyhouse.org or visit our website for information.
