UNIQUE VENUES & PARKS W/O FACILITIES

Lewis and Clark Trail Adventures

Clark Fork trips through Downtown Missoula

LCTA offers two different "Town floats" - the classic ***Milltown to Downtown*** is a scenic 7-mile float starting in East Missoula, passing through Hellgate Canyon, a small drop near Jacob's Island (University of Montana) and then the popular surf wave downtown at Caras Park named Brennan's Wave.

Heading down river west of town LCTA also offers the ***Kelly Island to Kona Bridge*** trip – this section of river meanders through Cottonwood groves offering amazing birding & wildlife opportunities for such close proximity to town. We can do a dinner stop w/ similar amenities as the Alberton Gorge dinner float or participants can disembark near Caras Park and have dinner downtown or on Thurs night's Downtown Tonight.

Gourmet Dinner Float on the Alberton Gorge of the Clark Fork River
The Alberton Gorge is a section of the Clark Fork River 30 miles west of Missoula. This stretch of river carves out a beautiful canyon with exciting class III rapids, calm pools for swimming, and abundant scenery.
